

## Arkansas Clean Marina Pledge

Prairie Creek Marina is highly committed to protecting Arkansas water resources and promoting environmentally sound boating practices in order to fulfill the necessary requirements to obtain and uphold the title “Arkansas Clean Marina”.

This marina and its employees pledge to instill positive change by using best management practices that will lead to reduction in the sources and impacts of nonpoint source pollution.

As the initial step toward achieving the designation as a “Arkansas Clean Marina” this marina pledges to keep Arkansas water free of harmful chemicals, excess nutrients, and debris.

This marina will identify opportunities and implement practices crucial to the controlling of potential pollution associated with activities taking place at this facility, enhancing the surrounding environment, and encouraging responsible boating practices as recommended in the Arkansas Clean Marina Program.

This pledge establishes the intent to voluntarily become a designated Arkansas Clean Marina in the effort to protect and enhance Arkansas water resources.
